Who can participate in the youth exchange?

The total number will amount to 60 participants.

The young participants of our project come from 6 countries with multiple cultural, religious and social differences, which contributes to the multicultural spirit of the project. The project team drafted a participant profile, according to:

1. Generalities:

-Age: between 15 and 30 years

-Gender: we aim for a gender balance

-Education: most of the young people will be in the last years of high school and some will have the completed studies, while others will have dropped studies

-Work place: most of the young people are without a full-time job, but it is possible to have a percentage active in the labor market (part-time, freelancer); we have young people with reduced opportunities in the NEET category (who do not study and do not have a job)

2. Specifics:

-The cultural background: the national groups will generally consist of young people representing the majority culture of the respective country, but we will have young people from different ethnic minorities

-The social framework: the social experience oscillates from individual to individual, but we planned the integration of young people with problematic social situations (discriminated against by ethnic or religious criteria, displaced due to conflicts, etc.).

TRAVEL COSTS

According to new Erasmus Plus rules, the reimbursement of travel costs will be calculated used a specific program called Distance Calculator:

Entry quarantine and rules upon arrival in Norway

Beside the rules that we all know, and are respecting in our own countries, the following rules are necessary for the creation of a safe and productive learning environment:

- **All persons arriving in Norway from abroad, with the exception of green countries/regions in Europe, must go into quarantine, although certain exemptions apply.**

All persons travelling to Norway from abroad, except countries/regions in the EEA/Schengen/United Kingdom which have a sufficiently low infection rate (green countries/regions shown on the map below) must go into entry quarantine, unless they are covered by the exemption provisions of the COVID-19 Regulation.

Entry quarantine lasts for 10 days. Fully vaccinated persons and persons who have had COVID-19 during the past six months are exempt from entry quarantine. Protected persons who received their first vaccine dose between three and 15 weeks ago and children under 18 must go into entry quarantine, but may end their quarantine if they test negative no earlier than three days after arrival.

Currently, only presentation of a COVID-19 certificate (Norwegian, Danish, Swedish or EU digital COVID certificate) with a QR code which can be verified by the Norwegian authorities is considered to be a secure and verifiable way of proving vaccination or previous illness.

See your COVID-19 certificate www.helsenorge.no

Other persons in entry quarantine must take a PCR test seven days after arrival. If they then test negative for COVID-19 via a PCR test (not a rapid antigen test), they can end their quarantine.

Special requirements have been established regarding the quarantine accommodation when you complete your quarantine at home or in other suitable accommodation.

The quarantine check - what rules apply to you? (helsedirektoratet.no)

PEOPLE WHO LIVE IN THE GREEN COUNTRIES CAN TRAVEL TO NORWAY WITHOUT ANY RESTRICTIONS. HOWEVER, RULES ARE CHANGING RAPIDLY IN THE PANDEMIC. THEREFORE, WE ENCOURAGE THE PARTNER ORGANIZATIONS ABOUT THAT SELECTION PROCESS SHOULD BE BASED ON FOR THE FULL VACCINATED PEOPLE. BECAUSE, IN CASE OF CHANGING FROM THE GREEN TO RED OR ORANGE AREA, ONLY PEOPLE WHO HAVE QR VACCINATION CODE CAN TRAVEL TO NORWAY. PEOPLE WHO HAVE QR CODE CAN TRAVEL TO NORWAY FROM ALL AROUND THE WORLD WITHOUT RESTRICTION.

- For safety reasons, **alcohol will not be allowed during the exchange**. You are allowed to bring one bottle per team of your traditional drink for your cultural night, but don't bring any other alcohol to the exchange. Please don't bring vodka, whiskey or other alcohol that is not a part of your culture and cultural night.

Our main priority is the safety of everyone, and we are sure that these rules and regulations will not stop us from having a good time and meeting amazing people from other countries. If anything is not clear to you or you have any questions, please feel free to contact us at any time.
