This Youth Exchange gives the opportunity to experience how the youth generation sees and faces the online abusing. The project is about what can the new generation people do to avoid cyberbullying. **This program highlights the fact that youngsters of nowadays can be the victims of online criminals.** In the program the youngsters will also present themselves, their organization, country and it's culture for the others and learn more about the main topic through presentations, games and social activities.

## About the project

### SUMMARY

Lélektér Foundation was accredited as an EVS delegating and hosting organization in October, 2014. Since then, the Foundation has participated in and coordinated many successful youth exchanges in the European Union.

In this project the partners from Malta, Lithuania, Turkey, Italy, Greece and Poland possess significant experience in youth exchange - many joint projects were successfully implemented. Due to this success, we have met young people who are interested in participating in intercultural learning opportunities. Therefore, Lélektér Foundation and the above mentioned partners have developed „**SAFETY ZONE**” project, a youth exchange in Hungary.

In the preparation process the needs and interests of the youth have been identified. These are in the realm of the various art forms and other creative activities. To ensure the exceptional quality of the program, more organizations focus on the fact of cyberbullying.

The “**SAFETY ZONE**” project will be implemented from 9<sup>th</sup>-17<sup>th</sup> of October, 2017 in Balatonakaratty (Hungary). Participants number per country: 5+1, age limit: between 18-30 (leaders can be 30+). We prefer participants, who will departure from their country.

**Arrival day:** 9<sup>th</sup> of October

**Departure day:** 17<sup>th</sup> of October

All together there are 7 organizations involved in the project (6 partners + the Lélektér Foundation). Our Foundation also delegates 2 volunteers to help with the technical issues, administration and such.

In order to make the communication system easier there will be a Facebook group for the leaders and all the participants.

Through the fact of cyberbullying and non-formal education the participants will be supported in their development of becoming conscious consumers, active and moreover conscious citizens of the European Union.

“**SAFETY ZONE**” project of Lélektér Foundation also helps more young people to learn about and get involved in different opportunities offered by the European Union. On international level the project builds a well-functioning network among the 7 partner organizations, and offers opportunities for other countries to join this network in order to implement further successful projects.

### HUNGARY

Hungary (Hungarian: Magyarország, population: 9,8 million) is a landlocked country which is located in Central Europe in the Carpatian Basin. The national flag's colors are: red, white, green which are represent: the power, hope and loyalty.

The country is bordered by Austria, Slovakia, Ukraine, Romania, Serbia and Croatia.

The capital and also the largest city (population: 1,7 million) called Budapest. The official language is Hungarian, which is the most widely spoken non-Indo-European language in Europe.

It is the home of the largest thermal water cave system and the second-largest thermal lake in the world (Lake Hévíz), the largest lake in Central Europe (Lake Balaton), and the largest natural grasslands in Europe (the Hortobágy National Park).

Balaton is particularly popular touristic centrum which is attracting foreigners also, especially in the summer.

One of the most famous festival in Hungary is taking place in the south part of the lake (Siófok) called Balaton Sound. During the summertime a lot of different festivals and opened events are organized nation-wide (Sziget, Volt, Hegyalja, PAFE, etc.)

Hungary's geography has been traditionally defined by its two main waterways, the Danube and Tisza Rivers. Hungary has 10 national parks, 145 minor nature reserves, and 35 landscape protection areas. Administratively, Hungary is divided into 19 counties. The currency of Hungary is called "forint" (sign: Ft; code: HUF).

## BALATONAKARATTYA

Balatonakarattya, with its 1000 inhabitants, is the first settlement of the north-eastern shore of Lake Balaton and the first meeting point of the passenger coming from Budapest.

The center of the settlement was the 400 year old Rákóczi elm, which once marked the boundaries of the Zala and Somogy counties (until 1950) for the fishermen on the lake. The tree to which, according to a local legend, the denominator Prince tied his horse, began to dry in the second half of the 20th century and later fell; Today is a monument. In autumn 2015, a small oak plant was planted by the Municipality of Balatonkarattyai.

## ACCOMODATION

The modern building complex of our hotel with its garden and enclosed parking lot can be found 200 meters from Lake Balaton.

Among the settlements around the lake the location of Balatonakarattya is particularly advantageous because of its closeness to the capital (100 km) from where you can reach the shore of Lake Balaton within one or one and a half hours on the highway, by train or by coach. The railway station is 50 m from the hotel.

Guests will find varied services of a high standard besides excellent bathing and recreational opportunities.

The hotel can accommodate 70 people in: 25 double bedrooms. The rooms are equipped with bathrooms, toilets, television sets (colour, with remote control and satellite channels) and telephones. Inside the building: restaurant, drink bar, sauna. In the yard: you will find a garden, a playground for children, a barbecue, tennis courts, a small sports field and table tennis. Sports equipment is available. On the beach of Lake Balaton 200 metres away aquacycles, windsurf equipment and boats can be hired.

Well-equipped conference hall is perfectly suitable for organising various trainings, further education, conferences, meetings and lectures for up to 100 people.

Technical equipment: overhead projector, comber, stereo, adjustable wall, visual board, reflecta, blackboard, photocopier.

In Hotel VIVIEN you can enjoy ideal educational conditions, pleasant surroundings and the hospitality of a friendly staff.
